

## YOUNG FOLK HEAR NEWSPAPER TALK

P. S. McGlynn, Editor Moline Dispatch, Speaks on "Clean Journalism" at Broadway.

**PRINTING FACTS IS A DUTY**  
Publication should Give the Truth in Public Matters and Uphold Law and Order.

P. S. McGlynn, editor of the Moline Dispatch, accepted an invitation to give a talk on "Clean Journalism" last night before the Young People's society of Broadway Presbyterian church.

Mr. McGlynn said in part: A newspaper is in much the same way an agency for the people who patronize it as is the grocery. The publisher is in almost as great degree dependent on his clientele as is the grocer. He has the great advantage, however, that if he stands for right principles, and does it with a force born of conviction, he is likely to attract a clientele that will stand by him. It may be much easier, by yellow newspaper methods, to build up a big clientele, but it is more worth while and more confidence inspiring to attract those who want a clean newspaper.

But a newspaper must not be merely creditable. It must not be too good. It must print the news. The editor who seeks to give his readers mental pabulum just a little in advance of what they want may make of himself an educator wielding more power than the preacher or the pedagogue.

At the newspaper's hand, without preaching, is the great weapon of real reform, the telling of the news, and telling it in a way to suggest its proper moral.

There must be the local news, good and bad as it happens; the mirror must be held up to one's own town, though too frequently it must be turned just a bit for clarity's sake, or to shield a reputable family. The doctor's charitable report of the cause of a death is given as official, rather than to tell the truth that it was drunkenness, or licentiousness, or both, that ended a career.

The news of the world must be printed. Murders must be chronicled.

## NEW ADDITION TO MOLINE PLANNED

Mueller Estate Disposes of Fourteen-Acre Tract on Twin-City Line to Syndicate.

**IS TO BE LAID OUT IN LOTS**  
Large Ravine Running Through the Property Is to Be Filled in by the Purchasers.

What is said to be one of the most important deals in Moline realty in several years was consummated Saturday when a syndicate composed of D. H. Duncan, Nelson H. Greene, James P. Pearson and Charles C. Loptein acquired title to 14 acres formerly owned by the Mueller estate, represented by C. J. Mueller, manager of the New Harper, Rock Island.

The tract extends east from the city limits of Rock Island to Fourth street, Moline, and is between Fourteenth and Sixteenth avenues. Consideration for the property is not announced, but it is understood it was between \$12,000 and \$15,000 cash.

Announcement of the syndicate is that the tract will be graded and laid out in building lots. There is a large ravine in the center of the tract, and the plan is to fill this.

**Building Restrictions.**  
Restrictions as to the character of building improvements will be made, and the owners say they will limit residences to every third lot. They propose to make the property one of the most attractive residence districts in the city.

## GET NEW KIDNEYS!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's Disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Prices, 25c, 50c, and \$1.00. Be sure you get the GOLD MEDAL brand. None other genuine.—(Adv.)
